LOCAL BREVITIES.

The "cruel war" is almost over. Probate Court will convene next Monday. Great many farmers in town last Saturday. A call for a mass-meeting on August 7th is published in this issue.

Seven eggs of beer made some fun and several fights in Coad's Hollow on Sunday last.

About 7 of an inch of rain fell last Monday—just about one-fourth of the amount desired.

The first car-load of watermelons for this season made its appearance in Ironton Thursday.

The Ironton Band (organized for the occasion) will furnish the music at Annapolis, to-morrow.

It is understood that a new firm will shortly open the Clark brick building on North Main street.

Pay-day, approaching primary, etc., all tended toward making things lively last Saturday night.

A good shower of rain on Monday morning. Not near enough to insure the growing crops, however.

We learn that the train-dispatcher and train-masters' offices will soon be removed from De Soto to Hiram.

Read—carefully read—our Announcement Column this week. After this issue many of the names therein will disappear for a long time, if not forever.

Prof. D. L. Russell, of Fredericktown, gave an entertainment at Bellevue on Friday night of last week. A fair-sized audience was in attendance.

Geo. P. Blomeyer, one of the best station agents in the employ of the I. M. R. R., at present located at Summit, was circulating among his friends in Ironton on Tuesday evening.

All those who desire to pass an interesting evening should not fail to hear Prof. Russell at the Academy of Music next Friday evening. The Ironton Choral Class will also render some selections.

By reference to the proceedings of the Senatorial convention published in this issue, it will be noticed that J. B. Walker was selected as the committeeman from this county for the next four years.

While we have not encouraged correspondents to boom favorite candidates, we permitted it to go a step further and denounce other candidates is beyond farness. Therefore, our Graniteville subscriber will understand why his communication goes to the waste-basket.

We took a trip down to Marble Creek last Sunday, and can truly say that the creeks were the lowest, the roads the dustiest, and the fields the driest we ever knew in this section. Yet the corn, though evidently stunted and needing rain, was not burned up, but looked green and full of life.

We learn through the Post-Dispatch of last Friday that the Rev. J. H. For, D.D., has withdrawn from the ministry of the Episcopal church. The foregoing announcement created some little surprise among the Dr. friends in this city. It is asserted that the resignation was brought about by matters connected with the late Jardine trouble.

Last Saturday was the biggest pay-day the Knob ever had. The mines are certainly in prosperous condition, and it is a matter of pride and congratulation to all who abide in this section, that their management under the Receivership has pulled the company out of its financial difficulties. 'Tis said the Receivership will cease about the 1st of September.

Wm. Trauernecht, the boss merchant tailor south of St. Louis, is erecting a new residence at Middlebrook, the first or basement story of which already completed, and built out of granite blocks, cut and uncut, making it one of the finest foundations, both as to material and workmanship, that can be found in Missouri. Walter Welch who is the builder of the stone portion of the building, has created a monument as a stone worker that will overlast him, young man though he be.

The Summer Festival at the Academy of Music Monday evening was a success in all ways: in the number of people who attended, in the excellence of its arrangement, and in enjoyment. The evening Accommodation band engaged for the occasion did not put in an appearance until after eleven o'clock, but an impromptu orchestra made music for the dancers *ad interim*, and all went merrily as could be. We have not heard the net amount realized from the Festival, but it must have been quite a respectable sum. Whatever it was, the ladies having the affair in hand deserved it all.

The guests at the Hotel Arcadia were agreeably surprised to hear Mrs. Beck, who her usual liberality, had made arrangements to give them a dance. On Saturday evening the dining hall was dismantled, floor waxed, decorated, hung with Chinese lanterns, and the fair votaries of Terpsichore danced to the strains of delightful music until twelve o'clock, when they were invited into the smaller dining room and regaled with fruits and ices. All were repaid for the elaborate toilettes donned for the occasion, and Mrs. Beck may have been amply repaid for her trouble and expense by the expressions of enjoyment and thanks from her many guests.

Schleuter Answers.

PILOT KNOB, Mo., July 22, 1886.
Ed. Register—In to-day's REGISTER a "P. K. Democrat" wants to know what ticket I have voted in the past, and especially two years ago. In reply I would state that I have for many years voted the Democratic ticket, county, State and National, and never thought my politics were questioned. I have always been a consistent Democrat, and thank your correspondent for this opportunity of settling the doubts of those who may not know me personally.

Deutsch Ist Nicht Holländische!

Ed. Register—In reading "a reply to K. of L." in last issue of REGISTER, I wondered, that while mentioning the nationalities of the employees of foreign descent, "a Naturalized Citizen" forgot, if I may use the expression, an important class of workmen, of whom ever since these works have been in operation, a great many could be seen, of whom a good many ever have been, and are now in responsible positions. I mean the Germans. Being acquainted with the different nationalities of the present employees, I do not know that there is at present one of the Germans in the employ of this company, and to the best of my recollection, and I can remember a period of foreign descent, "a Naturalized Citizen" means by "Dutch" the Germans, but I should think the time for this expression, which was frequently heard at a time when this part of the country was not quite as civilized as it is now, is past.

AN AMERICAN CITIZEN OF GERMAN DESCENT.

Tunnel Draftings.

The boss wood-outcher tried to do a brother act or the horizontal last Friday evening in the tunnel, on the new pocket, but failed, as usual.

Joe Walker, one of the candidates for prosecuting attorney, called upon the hill last Saturday and was welcomed by nearly every workman on the place—knowing that Joe had been a workman like them selves, and an earnest desire from many is to see him win.

Master Mechanic Hewett and Henry Simmerman, accompanied by Thad. Baldwin, visited the hill to look over some of the new improvements Sunday.

The Company paid off its employees last Saturday. I tell you pay-day makes the Knob lively.

The shipment of ore is about the same as usual. Quantity and quality exceeds any shipments ever made from here before this summer.

The uncommonly dry weather is cutting the water privileges very short. Most of the wells are very low.

There is an order now strictly forbidding any of the employees, as well as visitors, going in any of the tunnels to look over a permit from the superintendent on Sunday.

Mr. Chas. Collins visited the hill on Monday and carried a very flattering impression. It is a settled fact that we are to have a little narrow gauge engine to do all the switching around about the yard at No. 3.

The big chuck, on the corner of six and a-half and main heading No. 2, caught fire some time between Saturday night and Sunday morning. No damage done, however, as the watchman and one of the machinists caught on in time.

Mr. M. S. Drucker, of Cincinnati, accompanied by August Winkler, the famous jeweler and horse jockey of the Valley, visited the Knob last Sunday.

The miners that use the path upon the south side of the Knob have a gang of boys picking and throwing the rocks out so as to make a better pathway. They are paid by the users of this pathway.

Oh, my! the candidate harvest will be over next Saturday. Ar'n't you glad?

I see in the Globe-Democrat that the P. K. C. Band is to furnish music for the Benton Legion that will arrive in the Valley on a special train, August 1st.

Henry and Nick have started a menagerie. They have collected a mountain lion, a tin rooster and a poll parrot, so it is called the happy family at the shaft.

There was a shoveler taking the block out from under the wheel of one of those 2½ ton buzzies the other day and got his finger under somehow or other. The car ran over one of his fingers and took it off at the first joint. I tell you he looked mad and talked like a duke. I don't know what he said, but from his actions it wasn't anything good. He was a Hungarian.

Cal. Goodenough is making the necessary preparation to start the diamond drill south-west of the shaft.

Our old friend Sim. Buford, called on the Hill Tuesday. Sim is as cool as and unconcerned as ever. Now he is a man that has been tried, and made a good officer. I think we could not do better than to throw our little influence in toward him.

Power—Kiddle.

Yes, Jack Power is married, and a happier man, married or single, would be hard to find. It has been often remarked, that though a man was born in luck, or out of luck, if he comes to Ironton he is sure to get married, unless, perchance, he is so unfortunate as to be married when he comes; but even then the opportunities are none the less numerous. I wonder that many more in quest of health, happiness and home, do not come to this Valley, and that many more who have been here for a time and felt the inevitable winding to the coil, do not submit at once, and thus step out of the way of those waiting to follow. Now, Mr. Editor, there is a cause for all this: First, there can be no real beauty without health. Our girls are healthy, consequently beautiful. Second, when one becomes injured to this ultimate, the exhilarating atmosphere and natural surroundings are such as to produce a desire to remain. Just ask Jack, who will consult "Sam," and tell you all about it.

Mr. Powers has been with us quite a while and is well known to all, young and old, being a jovial fellow, with a happy faculty for look on the merry side, if there is one, and if not, making it. He is possessed of troops of friends.

Miss Lizzie Kiddle has resided in Ironton for many years. Her excellency of character has won for her the approval and good wishes of all who know her. More retired than her liege Lord, possessed of pure lady-like modesty, she promises to be a good wife, a true help-mate, indeed. After the service, which was performed at the M. E. Church, the happy pair, with a large company of friends, repaired to the residence of H. H. Kiddle where supper, as if prepared for the Gods, was in readiness. There is no use to try to describe it. Mrs. H. H. Kiddle against the world as a cook.

A large lot of presents were given: some of them being unmarked the donors' names are not known.

The following is a list of those marked: Peter Kiddle, dish pan; Mrs. Peter Kiddle, 2 pillows, white spread, 12 china plates; H. H. Kiddle, cooking stove; Mrs. H. H. Kiddle, salt cellar; Tom Kiddle, lamp, marble top table; Fred Kiddle, gold ring; Mrs. Chapman, set of knives, cushion cover, cashmere shawl; Mr. and Mrs. Mellow, parlor lamp; Mrs. Crisp, bracket; Miss Hall, glass dish; Mr. Hoson, table and 6 chairs; Mrs. Kiddle, glass set and rug; Mrs. Northy, breakfast cap; Messrs. Treloar and Galley, silver fruit stand; Mrs. Magness, (New Orleans), silver jewelry set; Mrs. Fletcher, cake stand, 2 towels and 6 napkins; Wm. Gay, cake plate; Mrs. Tangye, cake plate; Mr. Woodward and wife, cake plate; Mrs. Allison, bread pans and sieve; Miss Allison, wash stand set, 6 goblets; Miss Hattie Hall, pin cushion; Miss Weathers, 3 mats; Miss Barnhouse, desert plates; Miss Tetwiler, 2 pickle dishes. X.

Notice!

A Democratic Mass Meeting will be held in Ironton, August 7th prox., to select delegates to the State Convention, to be held August 18th in St. Louis, and transact any other legitimate business.

What will we do if it does not rain soon? Everything will turn up, and especially the dog fence, which is such an ornament to the Valley. I don't see what our industrious people would do without it.

Mr. Begley, the roadrunner, is fixing up the county roads to my entire satisfaction, except the Black river road, which needs lots of repairs to make it passable in winter and I hope our county court will have it attended to this summer.

While I am speaking of the county court I will say that Iron county has the best county court that ever graced its bench, especially our old friend, A. W. Holloman, for I saw him attending to its business last winter the coldest weather we had, when the snow was a foot deep, looking after the poor and insane. Young men would have studied a long time before venturing out in such weather as we had last winter, and I think the least the people of Iron county could do would be to elect him for his natural life. He is the Grand Old Gentleman of Iron county and makes a noble judge.

DIED—On July 24th, a son of Mrs. and Mr. Felix Williams, aged 4 months. They have the sympathy of the entire people of Arcadia.

BORN—To Mrs. and Mr. Sam Jones, a son. Sam is happy and says he will make Sam Jones the second.

Mrs. Judge Hoque and niece, of Union City, Tenn., are visiting Mrs. J. A. Hoque. They will remain all summer, and perhaps buy property here and make this their home.

Mrs. Cook has moved to town in the Dr. Berryman property.

WANTED—A good doctor to come to Arcadia, as we need one bad. Only a good Christian doctor need apply, as that is the kind we are used to.

We had a good deal of excitement along the railroad last week, fighting fire. Mr. Robt Simpson was the hero of the occasion. Mr. Holloman's clover field and about 15 or 18 panels of fence burnt, was all the damage done.

We had a wedding in town some time ago, but it was such a quiet affair I will not mention any names for fear some one will find it out. If any one wants to get married all they have to do is to board at Mr. Trauernecht's. This rule only failed in one instance, and that was an extreme case.

Miss Lena Ringo was chosen as principal and Miss Minnie Frazier as assistant, to teach our public school this year. Our directors could not have made a better selection of teachers.

Douglas Ringo is here to spend the summer.

Our park is still progressing, but we haven't our deeds yet, so I cannot say much at this time. When we get all arranged to our satisfaction I will make an appeal to our people to help clear and fence it for the public use.

FROM MIDDLEBROOK.

Ed. Register—Wm. Smart, a tailor by trade, who has been working around here for some time, skipped the town Sunday, leaving several parties to mourn for the money he owed them.

Mr. Welch finished laying the foundation and cellar to Mr. Trauernecht's house last week. Every one says it is a first class job and done up in good style.

Rev. B. F. Thomas, of Ironton, preached in the school house Sunday afternoon. After the services a Sunday school was organized by electing Mrs. N. A. Cottrell Superintendent, and Miss Louise Rodach as Secretary.

The Middlebrook Harp Band serenaded Pilot Knob people last Monday evening. They report having a fine time and would return their thanks to Messrs. Steffens and McGinn for refreshments served.

Benton Lodge Select Knights from St. Louis will have a picnic at Pilot Knob and Iron Mountain Sunday, August 1st.

The Pilot Knob Cornet Band will have a picnic at this place Sunday, August 8th. Let every body come and have a good time.

Frank Schrieber, agent Iron Mountain Railway at Leeper, Mo., spent Sunday in town with his girl.

N. A. Cottrell of this place would be pleased to hear from those who would like to join the order of Knights of Pythias. If a sufficient number can be gotten together he thinks a lodge of the order could be started at Ironton.

Colored Society Notes.

Rev. L. R. Gwyler, of Fredericktown, preached several past sermons at the M. E. church during the past week. Rev. Gwyler's sermons showed him to be a man of considerable ability and good pulpit orator.

In a conversation with him, I ascertained that he had been formerly in the employ of the Baptist Missionary Society, and under the auspices of said society visited South America and labored among the slaves of the various plantations over whom the master watched with a jealous eye, and permitted no communication without his presence.

The impression made upon the mind of Rev. Gwyler was not so laborious, yet it is equally as cruel as that which formerly existed in North America.

I am informed that the manager of the entertainment to be given at Russell's grove on the 4th of August, has rented four cannons, the booming of which will notify the community of the time and place. The subject of G. A. Maston's address for Aug. 4th will be "A General History of the Negro."

Miss Ann Polly recently returned home from a visit to her mother at Granite Bend. Messrs. Hawkins, Esq., made a short visit to his family on the 24th inst.

Mrs. Eliza Lee has recently improved her property by adding a new porch.

Mr. Willis Cole, one of Ironton's esteemed colored citizens, has obtained a paying situation at Granite Bend.

Itch of every kind cured in 30 Minutes, by Woolf's Sanitary Lotion. This never fails. Sold by P. R. Crisp, druggist, Ironton.
